Re: Lite 100.5 WRCH & Foodshare

Dear Chairman Martin,

I welcome this chance to share my thoughts regarding the positive contributions made to the greater Hartford community by radio station 100.5 FM.

As one of the largest non-profit organizations in the region, Foodshare frequently turns to area media with requests for support. Over the years, WRCH has provided excellent ongoing opportunities for us to air public service announcements. They have also scheduled us regularly on their Sunday morning half-hour "Spotlight" segment.

In the fall of 2007, WRCH sponsored one of our "Turkey and a Twenty" holiday food and fundraising collection sites. They broadcasted live from a local supermarket where turkeys could be purchased and donated so that hungry people in our region could enjoy a traditional Thanksgiving meal. In so doing they also helped us share the important message that people are hungry all year-round, not just during the holidays.

WRCH is a very good community neighbor and we appreciate their fine support.

Sincerely yours,

A handwritten signature in black ink that reads "Gloria J. Mcadam".

State Director

Dear Chairman Martin:

On behalf of the March of Dimes Connecticut Chapter, I would like to acknowledge the contributions of Lite 100.5 WRCH (CBS Radio) to our organization. Our relationship with the station and its fine staff goes back at least 10 years. They are always willing to support events and help raise awareness of our mission to give every baby a healthy start.

WRCH has sponsored numerous March of Dimes events over the years, providing PSA time, event announcements, and staff support. During critical awareness times for the March of Dimes such as National Prematurity Awareness Month, we are provided with public affairs show opportunities to inform the public about this growing health crisis. And staff members personally support us by sharing their own connections to our mission through on-air talk or online blogs.

It is a pleasure to work with WRCH and we applaud their commitment to Connecticut communities.

Sincerely,

Leigh-Anne Lefurge

May 21, 2008

Chairman Kevin J. Martin
Federal Communication Commission
445 12th Street, SW
Washington, DC 20554

Dear Chairman Martin:

In this age of information overload, local radio stations continue to be the mainstay of information on local issues and concerns. In our community, they are the place to go for the news and community information. Specifically, I am referring to WTIC NewsTalk 1080 AM, one of our local CBS Radio affiliates.

As a United Way professional, I have been working and partnering with WTIC radio for eighteen years. Providing air time for topics of local interest and concern has been part of the DNA of the station. This station actively engages with the non-profit community seeking ways to partner and ways to volunteer time and talent.

Over the past decade, WTIC has broadcast its morning radio show from our offices as we kickoff our annual \$27 million fundraising campaign with *Day of Caring*, a day where 4,000 volunteers take a day off from work to volunteer their time and talents at hundreds of non-profits in our region. This has become a wonderful community tradition that our volunteers look forward to each year. It gives us tremendous reach within our community to encourage not only giving, but volunteerism and not just on *Day of Caring*, but all year long.

As if that is not enough, WTIC provides one hour each month on a Saturday from 9:00 to 10:00 a.m. for our *United Way Community Connections* radio show. Through this incredible gift of air time and hosting talent by one of WTIC's on-air personalities, we can discuss health and human service topics of interest to both young and old. Topics have included discussions on Alzheimer's Disease, children caught in the middle of the justice system as a result of divorce, etc., how to get free tax preparation and financial counseling, urban education issues with the superintendent of schools, home health care for aging parents, food insecurity, where to go for help or to volunteer, and how non-profits can be more effective among many other topics.

All of the above and more have been provided willingly and freely without any requirements imposed by any outside authority or commission. Setting up requirements will only tie the hands of radio stations like WTIC that are already giving back to the community in so many ways. WTIC clearly understands the importance of community service and it is my belief that most stations understand that it is in the best interests of the station and its community to operate in such a fashion.

Sincerely,

Susan B. Dunn

Dear Chairman Martin,

The Foundation for Mental Health, founded in 1999, is a not-for-profit advocating on behalf of people with a psychiatric disability. Annually we host a lunch in May, mental health month, to bring awareness of mental health issues to the general public.

This year our media sponsor was WTIC-FM. During the entire month prior to our event held on May 19, announcements were made about our event on Craig and Company in the morning drive time slot. Additionally, Lorraine Bracco, our keynote speaker for the day was interviewed on WTIC-FM on Tuesday, May 13, also during the early morning drive time slot.

The Foundation for Mental Health could not have asked for better support from Gary Craig and WTIC-FM.

Sincerely,

Chairman Kevin J. Martin
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear Chairman Martin,

Since 1990, WTIC NewsTalk 1080 radio has sponsored the "WTIC - Salvation Army Holiday Store." The original concept was the idea of WTIC program director, Jack Mitchell. He felt that the radio station could sponsor a holiday program which would unite the community and benefit the people that need help the most at a special time of the year.

The store was put together on a whim in a donated storefront in downtown Hartford. Expectations the first year were to fill the place, which was approximately 700 square feet, with non-perishable food, clothing, toys, household items and money. The idea worked!

The room was filled from floor to ceiling more than twenty-five times. The community's response was greater than anyone had ever anticipated.

Over the years, the WTIC Holiday Store has become an annual tradition that is as much a part of the greater Hartford holiday season as Salvation Army Red Kettles, Bell Ringers and even Santa Clause, himself. Corporations, civic organizations, families, school children, volunteers, and donors look forward to the store every year.

For The Salvation Army and the people that we serve, the program has truly become "a miracle."

The process usually begins with a production and planning meeting in May and ends when the "store" closes with the December 24 mid-day broadcast. Promotions begin immediately after Thanksgiving. The actual store opens the first full week in December. On many days the morning, mid-day and afternoon drive time programs are broadcast live from the store's remote locations. Throughout December the amount of broadcast

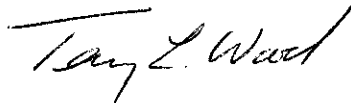

time promoting the Holiday Store and The Salvation Army is enormous. The commitment from WTIC management, broadcast talent and behind the scenes personal is phenomenal. priceless. The time the station commits to making this program a success – for The Salvation Army, the entire community and the people that need our help the most – is priceless.

Last year in 2007, the WTIC Salvation Army Holiday Store collected \$174,147 in cash, 5,506 toys with an estimated value of \$62,690 and gathered 5,503 non- perishable food items worth approximately \$7,226. A phenomenal contribution and commitment from WTIC listeners and the community!

The Salvation Army mission could not meet the growing needs of the community without the support of the WTIC management, staff and the Holiday Store. We would like to recognize WTIC publicly for their truly outstanding commitment of time and effort to the success of this program. In 2007 we had the privilege of nominating WTIC for the Fairfield County and Connecticut Chapter of the Association of Funding Professionals (AFP) Outstanding Corporation Philanthropy Award. The AFP is an international member association, including approximately 400 members in Connecticut, whose mission is to advance philanthropy by enabling people and organizations to practice effective and ethical fundraising. WTIC was the recipient of the 2007 Outstanding Corporation Award.

We thank WTIC for everything they have done to grow this original Holiday Store concept from 1990 to the mega store community project that it has become today.

Sincerely,

A handwritten signature in black ink, appearing to read "Terry L. Wood". The signature is fluid and cursive, with a long horizontal line extending from the top of the first letter.

Dear Mr. Martin:

After returning from a week at St. Jude Children's Research Hospital, I am reminded of the amazing work that is done and how it could not be possible without wonderful partners around the country, such as KILT. There are no words to adequately describe our gratitude to KILT and the \$2.9 million they have raised over the years for St. Jude Children's Research Hospital.

We recognize that giving up two days of air time per year to solely dedicate to St. Jude is not a small gift and the amount of dedication the staff has shown for St. Jude is uncanny to none. The tireless crusade to raise community awareness in the Houston area has been beyond a blessing to St. Jude. St. Jude Children's Research Hospital is internationally recognized as the leader in pediatric cancer research and treatment. The hospital, which was founded by the late entertainer Danny Thomas in 1962, has treated more than 20,000 from across the United States and over 70 foreign countries. St. Jude is the first institution established for the sole purpose of conducting basic and clinical research into catastrophic childhood diseases, mainly cancer. It treats children without regard to race, religion, creed and ability to pay. KILT has been a vital part of delivering this message to the Houston area and raising funds for over five years. Taking such a vital interest in the community is evident by how much how strong the partnership has become between St. Jude and KILT. We thank them for being part of the St. Jude family and believing in our mission of *finding cures and saving children*.

Regards,

Evelyn Louise Hoelscher
Regional Director – Southwest Region

Chairman Kevin J. Martin
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Mr. Martin,

My letter to you today is to illustrate how my relationship with our local radio station, KILT FM 100.3 in Houston, Texas, is beneficial in publicizing the many events that happen in our community. I live in Fort Bend County, which is in the southwest region of Houston metroplex. Our community is fortunate to have many generous organizations that provide support to deserving recipients.

In that regard, I am involved, or shall I say, overly-involved with a few of these, namely the American Red Cross, the Rotary Club, the Fort Bend County Fair Association, Lamar Education Awards Foundation and the Fort Bend Society for the Arts. Additionally, I manage a local website that coordinates the fund-raising events for over 200 non-profit members.

In the years I have lived here, I have become friends with several of the local on-air personalities at KILT. We have grown dependant on them to promote the local events in their public service announcements as well as their personal appearances and involvement in the events. We rely on that factor as a major component of our marketing of the respective events and would be hard pressed to imagine if we did not have that voice in the media or had to pay for the air time.

I don't feel as though mine is a singular opinion and actually feel strongly that it should reflect the overall opinion of every member of every board I work with.

I thank you for your attention in this matter.

Respectfully yours,

Don Dulin

Re: KILT/CBS Radio

Dear Sir;

It is my privilege, as President of Crosby Fair & Rodeo, Inc., to be able to write this letter in regard to the relationship between CF&R and KILT/CBS Radio.

Crosby Fair & Rodeo, Inc. is a non-profit corporation organized for the purpose of supporting the Crosby area Youth by providing a facility where they may exhibit their various projects though out the year. We encourage their participation in all agricultural activities and reward many of them with scholarships as they graduate from high school. We have an annual BBQ Cook-Off, Fair and PRCA Rodeo each June in order to raise funds to support our activities.

KILT/CBS has been our partner in this endeavor for many years. They assist us in writing not only the ads placed at their organization, but for ads placed in other media as well. They have always assisted in the preparation of our corporate video for the rodeo each year and provided 'on site' personalities when asked. They have always participated as a Corporate Sponsor, provided public service announcements and worked with us on the promotion of our event by giving away tickets for our PRCA Rodeo.

Our Corporate Sponsors are the lifeblood of this organization and words cannot express how much they are appreciated. Without them, we could not even begin to compete with other organizations in the entertainment market. KILT/CBS is a valued member of that group!

It is our hope that the relationship between CF&R and KILT/CBS will continue for many years and that we can continue to support Crosby area YOUTH through Agriculture and Education.

Respectfully and Sincerely,

Russell Rogers

Dear Chairman Martin,

Please accept this letter as appreciation for what KILT-AM in Houston has provided to the Touchdown Club of Houston, a 501-c-3 organization.

Through KILT, the Touchdown Club of Houston has been able to get out our message. We cannot have done as well without liners and PSAs that the station gave us. Personnel at the station through Bill Van Rysdam also has put together ads that promoted the Touchdown Club of Houston.

Through Neal Talmadge, we have obtained title sponsorship for our annual High School Awards Dinner for the past five years. That amounts to almost \$50,000 that we would not have generated without assistance. We have put in about \$120,000 in weights and weight equipment into 24 Greater Houston high schools in the past six years, and have awarded about \$140,000 in scholarships to about 200 Greater Houston kids in the past nine years.

A thousand thanks for the assistance.

RE: SportsRadio 610 AM & the National Football Foundation

Dear Mr. Van Rysdam,

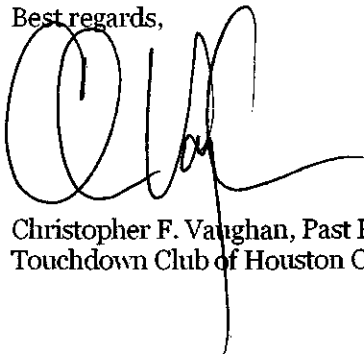

In the hustle of our daily lives we become distracted with the here and now and neglect to follow up with people who have helped in the recent past. Sports Radio 610 has become such a partner of the Touchdown Club of Houston Chapter of the National Football Foundation that we sometimes neglect to say "thanks" for the support and help over the years.

You, Laura Morris and your fine staff of people have always been there to support our programs. You have run PSA ads for our events and even helped sponsor some of our biggest events. Without the support of the top sports radio station in Houston I sincerely doubt that National Football Foundation CEO Steve Hatchell would have said "the Touchdown Club of Houston Chapter is the most powerful chapter in the National Football Foundation". You only get to be powerful if you have powerful friends. When it comes to our powerful friends, Sports Radio 610 is front and center when you call the roll.

Your support of our events has helped generate untold dollars in additional revenue in walk up traffic. Your support has made the Touchdown Club of Houston a well known name in sports circles in Houston. Most of all, your support has allowed us the opportunity to spend \$150,000.00 on weight room refurbishment in our inner city high schools and over \$150,000.00 on scholarships for high school and college football players over the last few years.

Bill, our partnership with Sports Radio 610 is something we can be proud of. We have helped a lot of young people in the City of Houston. I look forward to bigger and better ways to help our kids in the future.

Best regards,

Christopher F. Vaughan, Past President

Dear Mr. Martin,

On behalf of the Fort Bend County Fair, as president, I would like to let you know of the great relationship our organization has had with KILT / CBS Radio. They have been extremely helpful in areas of public service announcements, providing personalities; give a ways and creating awareness for our Fort Bend County Fair and Rodeo. We are 72 years into this event, providing scholarships to further the education of our students.

As the largest county fair in the state of Texas, we have nothing but positive accolades with the cooperation of KILT / CBS Radio.

Thank you for your time.

Sincerely,

Bill Dostal – President
Fort Bend County Fair Association

The Arc of Fort Bend County

Chairman Kevin J. Martin
Federal Communications Commission
445 12th Street, SW
Washington, D. C. 20554

Dear Chairman Martin:

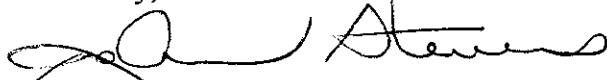

My name is Jo Ann Stevens and for over 20 years I have worked as a volunteer for The Arc of Fort Bend County. The Arc is a non-profit organization serving people with mental retardation and related developmental disabilities. If you have ever known someone who had a family member with mental retardation, you know how profoundly this disability effects every member of the family their entire lifetime.

My primary involvement with The Arc of Fort Bend County has been as a Co-Chairman of their annual fundraiser, "The Best in the West." This event is a dinner, dance and auction specifically to raise the necessary monies to fund services offered by The Arc.

Several years ago I invited KILT to become involved in our event, as they were a radio station that played country music and our event had a western theme. Their involvement began with running public service announcements on the station promoting our event. Over the years it has evolved into so much more! KILT Radio Personality, Rowdy Yates provides his expertise each year in assisting me with the selection of the band that will play the evening of our event. Serving as our Master of Ceremony, Rowdy opens our event and recognizes our underwriters and sponsors. He has also assisted our auctioneer with both the live and silent auctions. KILT has also donated auction items to our event such as concert tickets to their Ten Man Jam. Rowdy's knowledge of the community and its people has proved to be invaluable to our fund raising efforts.

The Arc of Fort Bend County has benefited in so many ways from our relationship with KILT. By raising the level of awareness of our organization within the community we have seen our donations, our attendance and our sponsorships increase, all adding to our bottom line. Our fundraising has gone from \$5,000 in our first years to over \$300,000 today. I view KILT as a strategic community partner and know that our combined efforts have helped thousands of individuals with mental retardation and related disabilities. I believe they should be commended for their service.

Sincerely,

Jo Ann Stevens
Co-Chairman

Chairman Martin,

The Lamar Educational Awards Foundation is a non-profit community based organization dedicated to securing and distributing resources to Lamar CISD that will enhance educational programs. Our mission is to fund educational program that other wise would go unfunded.

Each year, L.E.A.F. has two events to raise money to underwrite teacher grants. We have several new people attend our events each and every year thanks to the public service announcements that are on KILT 100.3 in Houston. With the support of KILT and one of their radio personalities, Rowdy Yates, we have been able to get the word out about our organization and events. More than once, Rowdy has served as a cook at our main event, *Men Who Cook*. One year when he served Spam, he asked his listeners for their suggestions on the different way to prepare Spam. That discussion was the topic of the airway with a number of people coming to the event to try his Spam. Our normal newspaper press releases could have never brought in that much participation.

L.E.A.F. and all the non-profits in our area appreciate the support of KILT and Rowdy has given our organization.

Sincerely,

Janice Knight

Re: Laura Reynolds
KILT Radio Personality
Mistress of Ceremonies
2400 Greenway Plaza
Suite 1900
Houston, Texas 77046

To Whom It May Concern:

Laura Reynolds has been so kind to donate her time to our fundraiser for the last several years. She is a warm, personable, fun, lively person to have as our mistress of ceremonies. Laura has worked closely with our auctioneers to get the donors to give more money during our auctions.

Last year, we raised \$62,000.00 in profit from our SuperStar Spotlight Gala. That money was raised because of our work here in this community but also because of Laura Reynolds being our Mistress of Ceremonies. Laura's name is well known in West Fort Bend County therefore more people attend our event because they will see her.

We are grateful that Laura has agreed to help us again this year as it is an important year for us due to the many new avenues that require large resources. We are just as grateful to KILT radio of their support of our small community surrounding Houston. If you have any further questions, please do not hesitate to call me at 281-232- 4904.

Sincerely,

Nancy C. Brown

Ms Laura Morris
CBS Radio Houston
24 Greenway Plaza, Suite 1900
Houston, TX 77046

Dear Laura:

I would like to personally thank you, CBS Radio Houston, and Marc Vandermeer for your support of Junior Achievement. Marc is one of Houston's most recognized voices and personalities. Through his leadership and support of JA, he has helped us by getting the Junior Achievement name into the community for funding and volunteers. Marc's message reaches out to the general public regarding JA programs as well as focusing attention on our charity golf tournament Administaff presents Marc Vandermeer's Annual Scramble FORE Junior Achievement. Marc's promotions on the air have elevated the event to levels never imagined by raising \$255,565 in the 3 years he has been involved. We have signed up new companies and individuals every year that Marc has promoted the tournament. His household name and endorsements on and off the air have brought countless people to Junior Achievement who would have otherwise not known about our important educational programs.

Based on our cost of \$24 per student, the efforts of Marc and CBS Radio are directly responsible for 10,648 kids having the important lessons of Junior Achievement. This year JA will teach 195,000 children in 758 schools. CBS and Marc Vandermeer are a vital part of this success.

Thank you for your support and helping to make the public more aware of Junior Achievement and our mission of educating and inspiring children to succeed in a global economy.

Sincerely,

Richard W. Franke
President

Junior Achievement educates and inspires young people to value free enterprise, understand business and economics, and be workforce ready.

www.bfbfoundation.org

Mr. Kevin J. Martin,

I am a trustee for the BFB Charitable Foundation located in Richmond, Texas. Our goals are to help families, children, and animals in need throughout Texas, but primarily in Fort Bend County. So far we have helped a number of organizations such as the Fort Bend County Womens Center, Helping Hands of Fort Bend, the Search Dog Network, Santa Behind the Badge (Fort Bend County Sheriffs Office), The Make a Wish Foundation, and several volunteer fire departments in the area.

The reasoning behind this letter is to let you know how much Rowdy Yates and 100.3 KILT have influenced us by providing us with Public Service Announcements in order to reach the people that we intend to help.

We hold our annual Crawfish Boil and Fish Fry every spring. Over the past three years it has grown from 500 attendees to over 3500 this year. Without the help of Rowdy Yates and 100.3 KILT providing us with these Public Service Announcements there is no way we could have grown this way. As you well know, the more people that attend, the more money we raise, the more people and animals we can help.

With the continued support of 100.3 KILT providing these Public Service Announcements we will continue to grow and

5/21/2008

succeed at our goal to help those in need. They truly have been a blessing for our organization.

Thank you,

David Vogelsang
Trustee/BFB Charitable foundation

14033 Southwest Freeway, Suite 702
Coldwell Banker United, Realtors, Inc.
Sugar Land, Texas 77478

Attention: Chairman Kevin J. Martin

28 May 2008

Dear Mr. Chairman;

As Vice President of one of the top five Independent Residential Real Estate Brokerage firms in the United States, it is a distinct honor to recognize and draw to your attention the efforts an exemplary public service of one of the premier radio stations in the Houston market.

First, Coldwell Banker United Realtors Inc. was started approximately 8 years ago by former Texas State Congressman, Richard Smith. Mr. Smith's vision was to independently grow a franchise organization that served the public in what is clearly the most profound and largest financial decision United States citizens make in their lifetime, the purchase of a home. Within those few short years, his organization has grown beyond expectation to be the 5th largest independently owned franchise of Coldwell Banker, nationwide.

We believe that part of that success is our dedication to public service outside of profit and revenue stream business acumen. As an organization we frequently participate in non-profit organization fund raising and service to the community, particularly our annual American Cancer Society gala which to date has garnered more than \$1,000,000 for cancer research.

KILT/CBS radio is no exception to our community vision, our spirit and our dedication to helping others when the reward is selfless.

Throughout my tenure as Vice President, I have personally witnessed local KILT radio personality, Josh Holstead, (a.k.a. Rowdy Yates), participate in myriad events from the Houston Rodeo to local smaller venues where his well-known persona has drawn attention to specific needs of individuals in need, community sponsorship for the development of playgrounds in lower income areas and many other events that demanded from both his employer, KILT/CBS radio and himself, time and expense, without compensation.

One particular event stands as a clear example of Rowdy and KILT's dedication to service. As an organization of 25 offices in the Houston market alone, each year we have fund-raising events to benefit the American Cancer Society. KILT/ Rowdy, (Josh Holstead), provided attention and service for an event that was held in our Sugar Land company parking lot. In addition to the sale, children's rides, food and music, which were provided by KILT, frankly, some of this was personally provided by Mr. Holstead in addition to his emceeing responsibilities and the public awareness his celebrity brought to the event.

Our successful sale realized a major donation to the American Cancer Society and for KILT and Mr. Holstead's public service; we are grateful and honoring of them for their kindness and vision to such extraordinary public service.

This is exactly the value we see that must be recognized not just locally, but clearly nationally and politically on the Hill, when we are frequently made painfully aware of the less than stellar actions of a few, sensationalized in the media for it's ratings performance and advertising income.

These actions served little if any value monetarily to KILT/CBS radio.

The long term, unheralded value: PRICELESS.

Yours truly,

A handwritten signature in black ink, appearing to read "Scott D. Anton". The signature is fluid and cursive, with the first name "Scott" being more legible than the last name "Anton".

Scott D. Anton, Vice President

Washington, DC 20554

Dear Chairman Kevin J. Martin;

I wanted to let you know how much CBS Radios generosity has helped the Nevada Partnership for Homeless Youth work towards our mission "to eliminate homelessness among Nevada youth."

CBS Radios support through free PSA's, community affairs programming and remotes promoting NPHY and Project Safe Place has helped get the word out to the Las Vegas community. Without CBS Radios' generosity we would not be able to reach the population of youth that need the help the most.

It is caring community partners and good corporate citizenship that helps us to get the services to the kids that need it the most.

Sincerely,

Larry Lovelett
Community Relations Manager

To whom it may concern,

On behalf of the Nevada Department of Public Safety I would like to express out heartfelt gratitude to the generous people at CBS Radio in Las Vegas Nevada. They have graciously allowed us air time on their stations to get our public safety and traffic related issues out to the public. This beneficial practice is essential to our operation. The Nevada Department of Public Safety does not have the funding to produce our own messages or commercials. With the PSA style format currently on-going with CBS Radio we can get the "Don't Drink and Drive" or "Click it or Ticket" messages out over the air waves. We can also release timely traffic safety issues and know that it will reach the public.

Through our partnership with CBS Radio we have had the opportunity to get our life saving messages out to the public at no cost to our Department. Thank you to CBS Radio for the commitment that they have shown to traffic safety issues in Southern Nevada. We have appreciated their air time and can't emphasize enough their commitment to the citizens in the Las Vegas Valley.

Thank You,

Trooper Kevin Honea

Nevada Department of Public Safety/
Highway Patrol Division
